

DOCSMITH · SAMPLE

Render once, anywhere.

One markdown source, every template. No
copy-paste.

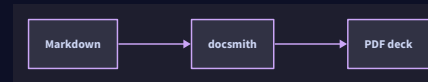

THE NUMBERS

Coverage in three figures.

- **4.872** operational units across 38 provinces
- **15,2 jt** active beneficiaries nationwide
- **98,8%** weekly distribution compliance

HOW IT WORKS

From
one
source
to a
polished
deck.

The same content flows through any template's design system — diagrams render once and are shared across every output.

Good design is **shared**, not redone
for every document.

Before and after.

- **MANUAL**

Rebuild the styling for every report by hand.

- **DOCSMITH**

Pick a template, run once, get an on-brand PDF.

THE SHIFT

From scattered files to **one system.**

A single design system, applied consistently,
beats ten one-off layouts.

THANK YOU

**Build it once. Reuse it
everywhere.**
